

Survey of Adult Siblings of Individuals with Disabilities in Tennessee

We would like to know more about the relationship between individuals with disabilities and their adolescent and adult brothers or sisters. **If you are 18 or older and have a brother or sister with disabilities who lives in Tennessee, we would love for you to take our survey!**

The survey takes 25-30 minutes to complete.
All your answers are private. You may be interviewed later, if you are willing.

Paper copies are also available.
Call 1.888.322.5339 [free] or email:
SiblingResearch@vanderbilt.edu

The Adult Sibling Survey covers the following areas:

- You, your Family, your Health and Well-Being
- Your Brother/Sister with Disabilities
- Joint Activities and Involvement
- Needed vs. Current Supports for Brother/Sister
- Reflections on Your Relationship with your Sibling

The online version of the survey is at
